Hello Everyone,

Due to ongoing concerns regarding the COVID-19 pandemic, the Special Olympics Yukon (SOY) Board of Directors has made the decision to extend the suspension of all SOY activity until June 1st, with re-evaluation of the situation at that time.

Please note the SOY office will remain closed during this suspension. That said, all SOY staff will continue to work from home with access to their email accounts. Our staff is working hard in planning and preparing for all SOY activity to resume.

During this difficult time, our staff is also producing some fun and exciting activities including a number of fitness videos and challenges with the theme #BreakUpTheBoredom.

You can access all this content on our website and our Social Networking Platforms:
